Dual Spray Kitchen Aerator w. Pause Valve

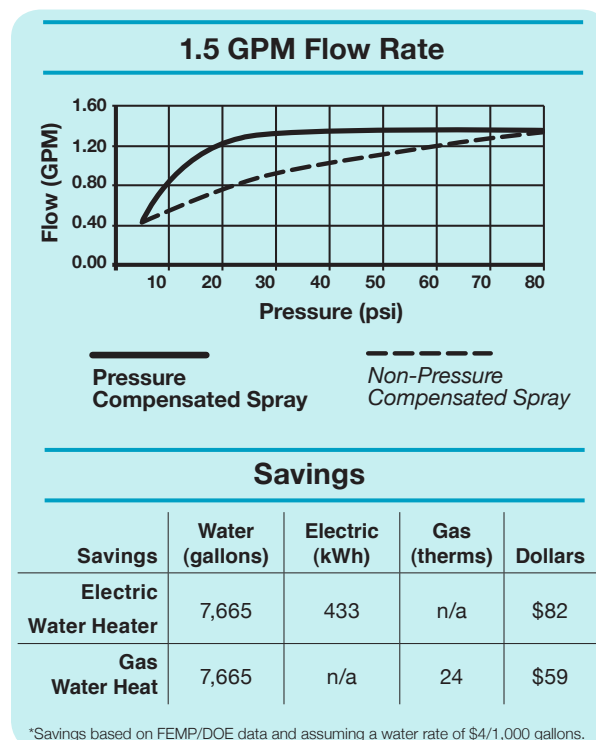

1.5 GPM (5.7 LPM)

Niagara's Dual-Spray Kitchen Aerator provides a powerful and efficient 1.5 GPM flow. Easily switch from a wide and forceful needle spray to a splash-free solid stream with a quick flip of the finger. Features a 360° swivel action for directional spray and convenience. With a patented flow compensator, the dual-spray kitchen swivel aerator delivers a consistent flow regardless of available water pressure. For extra water and monetary savings, make use of the pause valve that reduces water to a trickle while maintaining an even temperature.

- Patented flow compensator gives consistent flow regardless of pressure
- POM ball joint with 360° swivel
- Pause action reduces flow to a trickle while keeping temperature consistent
- Control from soft spray to solid stream, with up-and-down action to change spray settings
- Rubberized grip for easy adjustment
- Saves 30% more water and energy than a standard aerator
- Dual threads for easy installation

Certifications: Meets or exceeds: ASME A112.18.1 / CSA B125.1

Case Qty: 200
