Stealth® Toilet

Ultra High-Efficiency
0.8 GPF (3.0 LPF)

The Stealth® is an ultra high-efficiency toilet that goes a step beyond the standard water-saving toilets available on the market. With its low-profile body, breakthrough patented hydraulic technology, and the quietest flush on the planet, Stealth's unique design has revolutionized the toilet industry.

As water fills the tank, energy is harnessed and a patented air-transfer system exerts pressure in the bowl's trapway. Activated by simply pressing the flush button, all the waste in the bowl is cleared with a single, powerful and quiet flush.

- 0.8 gallon per flush (3.0 LPF)
- 40psi inlet water pressure with fill time at approximately 24 seconds
- Tank with patented Stealth® vacuum-assist flush technology and Fluidmaster® fill valve
- MaP Score: 600g
- 12" rough-in
- Floor mounted, floor outlet
- Fully glazed trapway, 2" (51 mm)
- Large water area, 8" x 6"
- Elongated models are ADA Chair height - 17" with seat
- 10-year limited warranty on Niagara parts

Certification: ASME A112.19.2 / CSA B45.1
WaterSense Certified
