CONSERVATION®

Toilet Direct™ - Home Delivery Toilet Replacement Program

Toilet Direct™ is an innovative and efficient solution for your utility's toilet replacement program needs. By partnering with the country's leading logistics services, Niagara delivers its ultra high efficiency and high efficiency toilets directly to your customers' front door.

Niagara's Toilet Direct™ program makes it easy for your customers to participate. Customers can apply for their new toilets online 24 hours a day, seven days a week using Niagara's online application process and the toilet comes to them. Your customers don't have to worry about choosing the right toilet or hauling one home.

For you, Niagara's Toilet Direct™ program means an easy to manage toilet replacement program. With Niagara's tracking data package you know when each toilet replacement toilet has been delivered. Product tracking data coupled with our other program reporting functions keeps you up to date and informed of program activities.

Niagara Conservation's programs are powered by our own web-based program management software. Your customers will enjoy the ability to apply for their incentives 24 hours a day, seven days a week using Niagara's customized web-based application process. For you, our program management software provides access to essential program reports detailing critical productivity data.

- No hassle home delivery of Niagara's UHETs or HETs
- Includes a high efficiency showerhead and a lavatory aerator with each toilet
- Superior customer services and product warranties
