NIAGARA
CONSERVATION®

Pre-Rinse Spray Valve Replacement Program

Featuring The Power Rinser™ 1.28 GPM Pre-Rinse Spray Valve

1.0 GPM Tamperproof Aerators

Niagara Conservation's Pre-Rinse Spray Valve Replacement program is an easy and cost-effective way for any building with commercial kitchen equipment to reduce utility bills by lowering water and energy consumption. The program features Niagara's 1.28 GPM Power Rinser spray valve and two lavatory faucet aerators. Niagara manages the complete program including planning, marketing*, online installation request process, making installation appointments, installations and follow-up surveys. Our installation professionals also include a water use survey when on site.

- Cost-effective program
- Measurable results with significant water and energy savings
- Easy to implement with rapid program launch
- Superior customer service and product warranties
